PLYMOUTH
COLLEGE

Now that you've joined Plymouth Leander Swimming Club we would like to invite you to visit, like, share and follow our active and exciting social media accounts and the PL website, where you can catch up on the latest club achievements, articles of interest and other useful information.

Our **website**, www.plymouthleander.com is packed with news, meet information, club records, click through link to swim manager, coaches and swimmer interviews and much more.

The Facebook and Twitter accounts are both, @Plymouthleander and are focused on bringing you up to date and often live updates and news involving our swimmers and the club. Like on Facebook and follow us on Twitter.

USEFUL INFORMATION

Swim Manager is a most valuable and convenient web based tool which PL have chosen to use for your convenience. The system has many benefits such as being the way all email communication from coaches and the board are sent, you can also view these at any stage through Swim Manager. Entering meets couldn't be easier as the system automatically integrates with swim ranking times, all our invoices are created on swim manager and are always visible for you to keep track of plus other interesting features such as swimmers times progression and their PB's. Your unique log in details would have been given to you when you completed the enrolment paperwork.

Swimming equipment, such as training fins, snorkel, roller, goggles etc we have chosen Swim Path as the clubs equipment supplier of choice. Swim Path have a fantastic online shop and they are always set up at our PL organised swim meets, from Swim Path Jemma Lowe double Olympian is often available to ask for advise and give tips. Please **click here** which will take you directly to the PL page within their website to guide you to the right equipment needed.
